

### Description

Our Premier model is produced from a 55% Polyester/45% Wool blend fabric in a 9-9.5 oz weight. This fabric is basically a year-round fabric, warm enough for most locations yet light enough for summer wear.

This coat, as with all our coats, regardless of fabric comes with a high grade satin lining, removable button strip, NO SHINE buttons and our "feel good" armholes. Most other brands do not offer sufficient freedom of movement in the armhole area making the coat not only uncomfortable, but difficult to drive or even salute with the coat on.

Our Poly/Wool fabric is produced by Burlington Industries in the great state of North Carolina by proud Americans. The coat is manufactured in the great state of Alabama, again by proud Americans. The fabric, the lining, the buttons, in fact, everything that goes to making all of our coats are made in America by Americans. The coat has been properly certified by Army Natick certifying it meets or exceeds all applicable specifications. The buttons are certified by The Institute of Heraldry to meet or exceed the applicable specifications.

We encourage you to take another look at all of our web-site pages to see our vast selection of insignia, including chevrons, Unit Crest, Caps, Medals and all other items needed to complete your uniform. Not only are our prices the best of any source, our insignia is also made in America, in our own facility and is properly certified by the Institute of Heraldry. We also encourage all to review our package deals where you can save additional by buying the package deal. PGC Code: 03434
