

Description

Cockpit USA's US Fighter Weapons Jacket is constructed of a mil spec nylon flight satin shell that pays homage to the USAF classic CWU-36/P current issue. Easy to layer for added warmth, the jacket features a comfortable bi-swing same as the original. A great addition to any collection.

- Military spec nylon satin twill shell
- Nylon lining with specification label
- Bi-swing back for ease of movement
- Heavy-duty zipper over a wind flap
- A Velcro chest patch for name tag
- Two large front Velcro close pouch pockets
- Mil spec zip sleeve pen/pencil pocket
- Two inside pockets
- Knit cuffs and waistband
- This product is NOT fire retardant
- This is a regular fit jacket
- Dry clean only
- Proudly made in the USA
