## JROTC/ROTC Patches

### Step 1: TIOH Drawing for School Patches

All JROTC/SROTC are to place orders with a TIOH drawing only. If you do not have a patch drawn, you must make a request with TIOH to have one made. To request a drawing for your school's patch, contact Karen Wilson at TIOH for more information. Phone: (703) 806-4971 or Email: karen.d.wilson.civ@mail.mil.

If for some reason you are unable to get in touch with Karen Wilson at TIOH, please contact us here at The Supply Room and we will request the drawing for you. Phone: (800) 458-5180 Email: info@supplyroom.com

### Step 2: Patch Quote

Once the drawing has been acquired, this must be submitted to The Supply Room in order for a price quote to be given.

### Step 2: Order and Production

Once quote is approved, an order will be placed and your patch will be submitted for production. (Since a drawing is required, a proof will not be required).

## Custom Metal Arc Tabs & Lapel Pins

### STEP 1: PROOF REQUEST & QUOTE

Email or call one of our representatives to get an initial quote. Provide details for wording, size, colors, and finish on the tab you are requesting. A proof will be rendered and sent for approval.

### STEP 2: ORDER AND PRODUCTION

Once quote and proof is approved, an order will be placed and your tab/lapel pin will be submitted for production.

## Custom Crests

### Step 1: TIOH Drawing for School Crests

All JROTC/SROTC are to place orders with a TIOH drawing only. If you do not have a crest drawn, you must make a request with TIOH to have one made.

To request a drawing for your school's crest, contact Karen Wilson at TIOH for more information.

Phone: (703) 806-4971 or

Email: karen.d.wilson.civ@mail.mil.

If for some reason you are unable to get in touch with Karen Wilson at TIOH, please contact us here at The Supply Room and we will request the drawing for you.

Phone: (800) 458-5180

Email: info@supplyroom.com

### Step 2: Crest Quote

Once the drawing has been acquired, this must be submitted to The Supply Room in order for a price quote to be given.

### Step 3: Order and Production

Once quote is approved, an order will be placed and your crest will be submitted for production. *(Since a drawing is required, a proof will not be required).*

# COIN INFORMATION

COIN SIZES Shown here at Actual Size			FINISHES

<b>1½"</b>	<b>1¾"</b>	<b>2"</b>	<b>Bright Polished Gold</b> 
<b>COIN EDGES</b>  <b>Diamond Cut 1</b>  <b>Beaded</b>  <b>Rope</b>  <b>Diamond Cut 2</b>	<b>EPOXY FINISH</b>  <b>Dome Over Patch</b>  <b>Dome Over Center</b>  <b>Dome Over All</b>	<b>CUSTOM SHAPES</b>    	<b>Pewter</b> 
			<b>Antique Brass</b> 

## HOW TO ORDER

### Step 1: Decide on your artwork

What will your coin look like? Everyone in your unit might have given you ideas and now it's your choice. You probably have a good idea what artwork you want, but maybe you need help on the working or layout. We can help you design a coin with the look you want.

### Step 2: Send us your artwork

If you have a specific logo for your unit or organization, just send your graphics of logos in a file format of .ai, .eps, .tif, or .jpg with a resolution of 150-300 dpi. If you have any questions about the formats listed, please do not hesitate to email or call us. You can send us artwork on CD or if your artwork is under 2MB in size, you may attach it to email.

### Step 3: Decide on the finish of the coin

Remember when picking the color of the coin, we have different finishes. Antique Gold, Antique Brass, Pewter (Antique Silver), Bright Polished Silver, and Bright Polished Gold. You can have as many painted colors as you would like, baked enamel paint, on one or both sides of your coin at no extra charge.

### Step 4: Pick your coin size: 1.5" , 1.75" , 2"

We know that every unit has a limited amount of money to purchase coins, but we have our coins priced to help your unit or organization. The average thickness is 3mm.

### Step 5: Pick extras for your coin

- Clear Epoxy Dome Cover: covers the whole coin from rim to rim, just the inside ring, or just your logo. There is no additional charge.
- Diamond Cut: you might want to add a diamond cut to the edge of your coin, one side or both. There is a \$1.00 additional charge per side.

Price is dependent on the size and shape of the coin. All custom coins require a die, or set of dies for production. This is necessary for tooling. The dies are made by hand by craftsmen and remain in-house, and as such, are guaranteed to remain available for your continued use. Your dies are cast for either a 2 or 3 dimensional look.

Dies are free of charge with a minimum purchase of 100 coins. All artwork is custom designed to your specifications and is based on the individual item requested. A proof fee of \$35.00, including up to three (3) revisions, is charged; if an order is placed, this fee will be applied as a credit to your order.

**Our coins are the perfect medium of recognition for a squadron, unit, corporate milestone or anniversary, individual effort, or civic achievement.**

## NATURE OF CERAMICS AND GLASSWARE

Due to the inherent nature of ceramics and the properties of glassware produced by foreign and domestic manufacturers, there may be slight imperfections and irregularities which should not be perceived as defective. Variations in materials, firing temperatures, and color pigments may result in variations in glaze and imprint colors. Ounces, sizes and measurements are approximate and may vary from batch to batch, and within each batch. These variations are within industry standard and therefore must be considered acceptable.

## GARMENT PRINTING

Our shirts are pre-treated for garment printing; this is a special process that will bind the white underbase to the fabric. It is recommended to wash shirts before wearing. To help prolong the life of the shirt, turn shirt inside-out and wash in cold water.
